

PRESS RELEASE

March 6, 2020

ARES Fighting Championship is sad to announce that the ARES 2 event scheduled for the 3rd of April in Brussels will be postponed to the 30th of October 2020.

The coronavirus epidemic raises serious questions about contagion in closed environments. We don't know at this stage how the situation will evolve. The health of our audience, international fighters, and staff is our utmost concern and we are not willing to take any unnecessary risks.

With the full support of all our partners involved and that of the ARES fighters themselves, ARES Fighting Championship has therefore decided to postpone the event.

The tickets already purchased tickets for ARES 2 will remain valid for the rescheduled date. Ticket holders can however choose to seek reimbursement from the dedicated ARES 2 ticketing operator should they want to.

About ARES: ARES Fighting Championship is a professional Mixed Martial Arts (MMA) league created by Vivendi Sports, organizer of sports competitions. Present in Africa and in Europe, ARES FC ambitions to become a leading MMA organization in these territories. ARES FC's mission is also to offer a platform to talented young African fighters, giving them a chance to compete at international level.
